Instructor Josée Hammill**

**JAN 15 - Bidding Practice: No Trump Auctions**

During this class we will bid on paper multiple No Trump auctions, where you will be able to reinforce your understanding of Stayman, Jacoby Transfers, Texas Transfers, Slam bidding and much more.

**JAN 22 - Bidding Practice: Overcalls and Takeout Doubles**

When to overcall, what to overcall with. Am I better doing a takeout double? Let's get into competitive bidding and learn how to take action and how to respond to our partner. This class is all done by bidding on paper. Great opportunity to cover a lot of auctions in a short time.

**FEB 5 - Defence vs Suit Contracts**

We defend 50% of the time. Let's learn how to talk to partner by knowing what card to play. Course includes: leads, defensive signals, attitude signals, discards, suit preference signals and much more. This lesson is hands on. You will be playing hands.

**FEB 26 - Defence vs NT Contracts**

Just like the February 5 lesson but this time against No Trump Contracts. Learn how to lead, what discard to make, what signal to give partner. This lesson is hands on.

**MAR 12 - Fourth Suit Forcing (FSF)**

The auction between you and partner has gone  
1 Heart - 1 Spade - 2 Clubs - 2 Diamonds  
Diamonds is the "fourth suit". Does Partner have diamonds or not? What is partner showing me or asking me? FSF is a great convention to learn that will allow you to better describe your hand. This lesson is hands on.
